A message from our Chairman

During a time when we are all dealing with ambiguity, rapid change, and a new set of expectations as it relates to COVID-19, I hope that all our members are keeping safe and healthy.

As we become accustomed to a new way of working, our work at GPA Europe continues. We are looking at ways to support our members, making continuous improvements to your new website and looking towards the future. GPA Europe is here for you. If you have suggestions, helpful insights, or something broader to share, reach out to us.

During our Annual General Meeting in November we presented the work that has been carried out to date, looking at the future of GPA Europe. We reached out to our members to support with actioning out our Key Strategic Initiatives:

- Develop a value proposition tool adaptable to all members
- Develop targeted marketing strategy and support with relevant tools
- Develop a plan to address future energy/gas markets
- Develop a training strategy to address members development needs

Thank you to all those who volunteered! The Key Strategic Initiative groups have all been meeting up over the past month with exciting discussions on the future of the industry and how GPA Europe fits into that future and our members need. Roadmaps have been created for each Key Strategic Initiative that will support the Goal, Vision and Strategy of GPA Europe. We will communicate these roadmaps and updates at this year's AGM.

As soon as we have updates on our Key Strategic Initiatives and our 2020 Conferences, we will provide updates on our [Website](#), via newsletter and our Social Media sites. Don't forget to connect with us on [LinkedIn](#), follow us on [Twitter](#) and join us on [Facebook](#).

From all of us at GPA Europe, we wish to extend our heartfelt best wishes to you all and hope you and your families and colleagues remain well and strong during these challenging times.

Martin Copp, Chairman

GPA Europe Conferences in 2020

Obviously, you are all, by now, very aware of the global COVID-19 pandemic. Quite understandably, it is dominating every news feed around the world. While the situation prevents us from connecting with you all in person at this time, we are still looking at options for our postponed Spring Conference and GPA Europe AGM to take place at the end of 2020.

We understand that conditions are changing rapidly and will keep you all updated over the coming months.

Until that time, we will continue to keep you updated via our website and through our social media channels. Get the latest event developments – connect with us on [LinkedIn](#), follow us on [Twitter](#) and join us on [Facebook](#).

Our newly redesigned website

We announced the launch of our newly redesigned website in March. If you haven't had the chance to log into your account, please do so [here](#) and ensure your data is up to date.

Depending on the level of membership you may be able to share your membership licence code with other members of your organisation so they can access the benefits of GPA Europe Membership. Ensure they [sign up](#) today!

We hope that the new design will allow you to find our [Conferences](#), [Past Papers](#), [In Brief Issues](#) and [News Articles](#) more quickly and easily.

If you had an account with us on the old website, you can log in with the same username / email address. You will need to reset your password and can do that [here](#).

[Welcome to our new site!](#)

Sponsorship and Exhibition Opportunities

We provide a direct marketing channel to Directors and Process Engineers within the natural Gas Processing Industry.

We have multiple sponsorship opportunities at our events, as well as advertising within In Brief and our Newsletter - [contact us](#) for more information.

Highlight Your Institution

In Brief

Our November 2019 Issue of In Brief is now out on the streets - [Check it out!](#)

If you would like to contribute to future issues, we have an opportunity to get involved. A chance to promote your name and any company news through the industry.

In Brief is also a great opportunity to gain product recognition to the GPA Europe membership.

Please contact the GPA E Team for more information - admin@gpaeurope.com
